Final Audit

Implementation Plan

Before You Open the Account

Separate your personal identity from your creator identity before you publish anything.

Choose an alias, creator email, password manager, and two-factor authentication before you build the profile.

Review current platform rules, verification steps, prohibited categories, payout requirements, and consent rules.

Checklist

- □ Alias chosen
- □ Creator email ready
- □ 2FA enabled
- □ Policy review completed

Apply it

Turn this chapter into one decision, one written rule, and one repeatable action before moving to the next section.
